

Welcome to Precalculus

Susie Nicholson

nicholson_su@4j.lane.edu

On my website, you can see what we did in class, and what the assignment was. Let's look at a typical day.

 <http://www.sehs.4j.lane.edu/>

Passing Precalculus A and Precalculus B is required to move on to AP Calculus.

Precalculus C is required to get the full IB diploma (for IHS students). Classic South kids may take it also, if there is room. Third trimester includes Probability and Statistics and a math paper.

The IB test will be taken in their Calculus year, as long as they are at least a junior.

Your student will need to have a graphing calculator.

TI - 83 or TI - 84

1. Open a browser such as Firefox or another.
2. Type **sv.4j.lane.edu** and click return.
3. Enter your 4J username and password and click return or click on "login."

- Click on the "My Account" tab to check your student information for accuracy.
- Click back on the "Home" tab, where you can click on

Homework: Given every day, except for on test days. All answers are in the back of the book. Once a week, we will have a homework quiz where they just copy over their work for selected problems. The work must be correct to earn full points.

Clicker quizzes: Occasionally, I will use clickers to get and give quick feed back.

Regular quizzes and tests: These will be announced.

Warm Ups: Daily problems that students do at the beginning of class. We go over these, and they can work together on them. If they are absent ,they are expected to get online and do them.
